IDAHO ACADEMY OF  
FAMILY PHYSICIANS  
**STRONG MEDICINE FOR IDAHO**

## **Gender Affirming Care Policy**

The Idaho Academy of Family Physicians (IAFP) recognizes that diversity in gender identity and expression is a normal part of human development.

The IAFP supports access to comprehensive gender-affirming care for all patients.

Effective Gender Affirming Care involves a multidisciplinary approach and is part of comprehensive primary care and should be determined by the patient, their loved ones, and their physician.
